# AzteQ Unpacking and installing the printer

1. Introduction – before you start using the printer
2. Unpacking and installing the printer
3. Getting to know the TRILAB AzteQ printer
4. First printing with your AzteQ printer
5. Cheat sheat – the usual printing procedure
6. How to use the DeltaControl display and application
7. How to use the WebControl online interface
8. Printer self-installation
9. Service tasks on the printer

If you have decided to buy the printer including the installation and training service, this part will be done by the service technician. If not, you can find all the necessary instructions in the chapter on Self-installation.
